LETTER FROM BOARD OF PRINCIPALS

Dear Parents,

First, Sydney Elementary and Secondary School (Sydney School – SISS) would like to extend best wishes and a warm welcome to the academic year 2025 – 2026.

SISS is proud to be the first and only school in Vietnam to implement the comprehensive New South Wales program for students enrolling in the Bilingual Program.

At SISS, students can experience and study in a safe, healthy, modern, and multicultural environment. They will have access to a program designed based on the educational standards of New South Wales, Australia. SISS also focuses on extra-curricular activities which help develop the student's mental health and social abilities. In addition, SISS also especially applies integrated technology to the curriculum and equips them with modern and advanced learning equipment, giving students the opportunity to pursue their passion for technology.

SISS simultaneously builds communication channels to connect with Parents and students, as well as modern learning management software for Parents to track study plans, documents, exercises, and school events.

The School hopes that through the Parent's Handbook, Parents and students can fully grasp information about the School's activities as well as the organization, management, and regulations of the School during the academic year 2025 – 2026. Thereby, we will contribute to a breakthrough for students this academic year.

The School is honored to accompany you this academic year, and that will serve as a solid foundation for us to create a positive, connected, and civilized SISS community.

Best Regards,

The Board of Principals of Sydney School

I. INTRODUCTION

1. VISION – MISSION – GOALS

VISION

At SISS, we implement a comprehensive and rigorous academic program within a multicultural and safe environment that nurtures each student's passions, talents, and aspirations. We inspire our students to become responsible and ethical digital citizens, lifelong learners with a global mindset, ready to contribute positively to society in an ever-changing and diverse world.

MISSION

SISS aims to become a leading institution in Vietnam, offering high-quality educational programs that integrate cutting-edge digital technologies with practical application. The school strives to be a launchpad for global digital citizens, equipped with the knowledge, skills, mindset, and adaptability needed to thrive in a dynamic world.

GOALS

SISS offers a gateway to a diversity of powerful international educational experiences for our students:

- Students are equipped with strong skills and knowledge to step into prestigious universities.
- Students learn independence and take responsibility for their own decisions as well as learning goals.

GOALS

SISS's teaching method is student-centered, providing an active and independent learning environment.

- The abilities of each student are evaluated and accurately demonstrated in different curricula.
- The School provides a practical and creative learning environment through a variety of practical activities from various academic and entertainment clubs.

The development of the School is based on sustainable cooperation:

- The School builds a good collaborative relationship with other institutions.
- Students are going to visit museums, art galleries, concert halls, sport halls, theme parks and other sights.

The School actively promotes the concept of "global citizenship" and empowers students to solve problems:

- Students have awareness of social, political, economic and cultural issues in the country and in the world.
- Students demonstrate their ability to perceive, understand and evaluate in depth via the expression of their point of views.

All activities of the School always contribute to bringing positive value to the students and community.

- The School ensures that the policies and activities do not affect the environment, society, economy and health.

2. CORE VALUES

SISS operates with these core values:

EXCELLENCE

SISS believes that each student is different in their own way. We pursue academic excellence and student-centered education to shape a challenging curriculum, teaching students how to think, learn, solve problems, and work individually as well as in a team, motivating them to pursue long-term learning (life-long learners).

CARE

We care about the power of compassion and empathy paired with knowledge. The ability to recognize, care, share, and understand is key to developing a positive and inclusive community that guides students towards sympathy, integrity, and respect. Care is expressed through kindness, cooperation, responsibility, and respect for oneself and others. Our students are educated to make a positive difference in their lives.

COURAGE

SISS is a challenging learning environment. We ask all members of the community to learn to challenge themselves at higher levels, to verify the knowledge they have acquired, and to be fearless and bold in thought and action. At Sydney School, we ask all members of our community to be brave to face challenges and willing to engage in challenges.

INTEGRITY

We believe in integrity and principle, commitment to our mission, and responsibility for our choices. We hold a steadfast commitment to deep respect, fairness, empathy, and truthfulness in our actions and communications. And we foster those traits in our students.

RESPECT

Our students are being taught to become engaged, active, and globalized citizens who will be able to achieve admission to a diversity of universities worldwide. We strive to build a community where every individual is respected and treated impartially. As a modern educational community, we honor the contributions of all our members. By respecting the differences, we build a community that is united, safe, and welcoming to everyone.

RESPONSIBILITY

We encourage each individual to be willing to take responsibility for himself or herself, while linking their own responsibility to the responsibility of the community. Responsibility is the foundation of a solid academic community with selected goals. We are responsible for our actions and words, and know that these contribute to the betterment of our communities.

4. THE SCHOOL DAILY SCHEDULE

- The school is open at 7:00 am from Monday to Friday.
- All students must be at school before 8:00 am, leave before 5:00 pm.
- The Admissions Office is open from 7:00 am to 5:30 pm.
- The school library is open from 7:00 am to 5:30 pm, where students can do homework before returning home. They can use the library after school only when they can keep order, remain silent, and avoid affecting other classmates, or they will be reminded and asked to leave the library.
- If a student needs to stay late after school, the School Office will provide parents with reasons, venue, time and person in charge. It is particularly important to Primary students in order to ensure safety and unexpected situations.
- Apart from that, if the Parents pick up the child after 5:30 pm, the School will charge an extra-hour care fee of 150,000 VND/hour. The school ensures students' safety at a reasonable level while they wait to be picked up. Parents are responsible for collecting their children on time.

6. ORIENTATION INFORMATION

6.1. ORIENTATION DAY

In the academic year 2025 -2026, SISS will hold an Orientation Day to provide Parents detailed information about the School, academic programs, extracurricular activities, and other services such as library use, health care, transportation, the scholarship program, clubs, the House System, picking up – dropping off operations, and means of communication between the School and Parents.

6.2. PUBLICATIONS

Monthly newsletter – will be announced on the last day of the month. The monthly newsletter is the main medium for the School to update the activities, the latest information coming to the Parents.

All contributions to the Monthly Newsletter should be submitted by 12:00 pm on Wednesday of the 3rd week of the month, via email: newsletter@siss.edu.vn.

Class bulletin – will be announced every weekend. The class bulletin board is a medium for teachers to update on the latest activities, information, and notifications to Parents. Parents will use the SPS 360 Portal, namely the “Class Dashboard” feature on the home screen to update this content.

Please visit the link [here](#) to see detailed instructions on how to access and view the Class Dashboard on SPS 360.

6.3. SCHOOL VISIT

Parents/Guardians should make an appointment with the School Office for a school visit. School visits can be conducted from 8:30 am to 3:30 pm every day from Monday to Friday.

To ensure students' safety at school, all visitors must wear name tags according to the School regulations. Visitors or Parents will register ID cards at the guard room to get name tags, then will be guided to the reception desk to wait for the appointment.

Lunch for non-registered students at school is taken to school before 10:00 am. If students forget to bring their belongings, Parents may deposit them in the ground floor guard room. Security guards will make arrangements for the student.

II. SCHOOL REGULATIONS

Please find out more information [here](#).

III. HEALTH ISSUES

1. HEALTH REPORT

Student health records are always completed before the student is admitted and updated for the next academic year. Any related medical information such as illness, vaccination schedule or other information, must be provided to the School Health Department. Teachers or staff involved in the health of the student will be notified and information about the student's health will be kept confidential. Parents will receive Admission Form and Health Report. Please complete the forms and return it to the School.

2. DAILY TREATMENT

If students need to take medicines during the day, Parents have to create a drug information form on the dosage, the period of use, and other instructions on SPS 360 and bring medicines along when taking students to school. The Medical Department will be responsible for managing, storing all medicines securely, properly, as well as monitoring and supporting students when taking medicines according to the prescription information provided by Parents.

Please visit the link [here](#) to see detailed instructions on how to make prescriptions on SPS 360.

* Notes:

- If there are any undesirable reactions or emergencies occurring while your child is taking the medication, the School will immediately notify the Parents and provide medical support if necessary.
- If the disease is mild, antibiotics or other medicines should be given by Parents to consume before school.
- Please ensure that students do not carry any other drugs during their stay at school; as well as during their extracurricular activities. In special cases, please contact the School's medical staff for assistance.

3. DRUG USE IN CASE OF EMERGENCY

With the family's permission and upon receipt of a signed Consent Form from the Parents, students may use over-the-counter medications for the following conditions while at school: headaches, menstrual cramps, and sore throats. The school will not be held responsible for any complications arising from the use of these medications. If the same symptoms occur more than three times a month, students will undergo a thorough medical evaluation.

4. DISEASES AND ACCIDENTS

4.1. DISEASES

When sick or injured during school hours, students will be referred to the School's medical department for prompt treatment. If the incident is serious, they may be taken to the emergency room at the nearest hospital. The costs for such services will be paid by the Parents/Guardians.

In case of necessity, the student will be sent home, at which time the School will contact the Parents/Guardians in advance to arrange for student pick-up.

Exceptionally, The Board of Principals may have other options.

If a student has to be absent for an extended period due to health reasons. Parents will need to provide the relevant medical records to the administration. When they are sick, they are not allowed to leave school without contacting the health department.

4.2. THE PROCESS OF HANDLING ACCIDENTS

Please find out more information [here](#).

5. RETURN TO SCHOOL AFTER ILLNESS

For cases where a student is absent due to the treatment of certain infectious diseases (e.g., chickenpox, diarrhea from intestinal infections, measles, tuberculosis, impetigo, meningitis, mononucleosis, or hepatitis, etc.), once the student has recovered and is ready to return to school, parents are requested to update the doctor's notification of non-infectious status on the initial leave request form created on the SPS 360 information portal.

Please enter this link [here](#) to see detailed instructions on updating how to inform recovery from illness on SPS 360.

IV. ATTENDANCE POLICY AND PROCEDURE

Please find out more information [here](#).

V. COMMUNICATIONS WITH PARENTS

1. SPS 360 PARENT PORTAL

The SPS 360 Parent Portal provides a single focused portal that helps Parents/Guardians:

- Quickly capture the studying process and activities at school of students - Update school news, activities, and announcements.
- Easily register services, purchase uniforms, and course books.
- Rapid and convenient online payment for tuition fees.
- Personalize the information and experience of each student.
- View the detailed schedule.
- View weekly reports, academic results by term.
- Create support requests such as leaving, registering school services.
- Connect and exchange information with Teachers through group chat.

Access information:

<https://sps360.truongsydney.edu.vn>

SPS 360 Mobile App on Android [Android](#)

SPS 360 Mobile App on iOS [IOS](#)

Parents, please refer to the detailed user manual at the following link:

<https://help.truongsydney.edu.vn/category/sps360-parents-portal>

2. ONLINE LEARNING SYSTEM LMS CANVAS

SISS will deploy the Learning Management System (LMS Canvas) to help students be proactive in self-learning, do homework and increase student-teacher interaction.

Students will be provided with a Canvas account in the first week of their arrival. Students will be taught how to log in and practice on Canvas.

Parents can access the Canvas login page at:

Website: <https://lms.truongsydney.edu.vn>

Parents, please refer to the detailed user manual at the following link:

<https://help.truongsydney.edu.vn/category/lms-canvas>

3. PARENT-TEACHER MEETING

As part of the School's regular reporting process, Parents' meetings involving students, Parents and teachers will take place twice a year. These meetings are held after each semester.

For emergency meetings, the School administrators are always ready to host and exchange information with the student's Parents/Guardians. Please contact the School Office for an appointment in advance.

4. SHOW YOUR OPINION AND INTEREST

The School welcomes positive or objective contributions, suggestions,... and will always value the opinions and concerns of Parents.

Parents can contact the following departments for timely support:

- For daily issues relating to student activities, school services: Parents can contact their homeroom teacher or office staff.
- For more complex issues such as student rights, child development, or disciplinary matters, parents are kindly requested to contact the Vice Principal of the school.
- For academic concerns, including but not limited to curriculum structure and subject selection, parents are kindly requested to contact the Academic Council.

Parents can contact directly through meeting, telephone or email. The contact information of the departments in charge are shown in the Contact Information section. Any questions, contributions or feedback from Parents will be responded to by the School within a maximum of 48 hours from the time the School receives the information (excluding weekends or regular holidays).

VI. ACADEMIC PROGRAM

1. Progressive Achievement Test (PAT)

In the academic year 2025 - 2026, the School implements Progressive Achievement Test (PAT) for students from Year 3.

Underpinned by ACER's Progressive Achievement approach, PAT provides English (Reading), Mathematics and Science test for students in order to measure a student's knowledge, skills and understanding in a subject. It helps teacher to pinpoint where students are in their learning journey and what they need to progress for appropriate teaching.

2. Awards

At the end of the academic year, SISS will reward students with outstanding achievements. Each student can receive the following awards:

- Academic Prize: Awards for academic achievements according to the MoET.
- Principal's Honour Roll: For the best student with the highest average grade.

- **New South Wales Bilingual Program Awards**

	Year 1 – Year 5	Year 6 – Year 9
Principal's Honour Roll	Students achieve all grade "A" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE), and have the distinction of "Excellent student" of the MoET program.	Students achieve all grade "A" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE), and have the distinction of "Excellent student" of the MoET Program.
Honour Roll with Distinction	Students achieve all grade "A" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE).	Students achieve all grade "A" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE).
High Honour Roll	Students achieve at least one grade "A", and no grade below "B" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE).	Students achieve at least one grade "A", and no grade below "B" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE).
Honour Roll	Students achieve at least one grade "A" with no grade below "C", or all grade "B" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE).	Students achieve at least 1 grade "A" with no grade below "C", or all grade "B" in 4 main core subjects of the New South Wales program (English, Maths, Science, HSIE).
Certificate of Completion	Students complete the program of study, but do not meet the above conditions.	Students complete the program of study, but do not meet the above conditions.

- **MoET Program Awards**

Title	Award conditions
Years 1 – 5 (According to Circular 27/2020/TT-BGDDT)	
Excellent Achievement	Students who: - Have assessment results of good completion; - Demonstrate good qualities and competencies; - Earn at least 9.0 in final exams.
Good completion in learning and training	Students who: - Have assessment results of good completion in all subjects and educational activities; - Demonstrate good qualities and competencies; - Earn at least 7.0 in final exams.
Good completion in Math/ Vietnamese	Students who: - Have assessment results of good completion in all subjects and educational activities; - Demonstrate good or satisfactory qualities and competencies; - Earn at least 5.0 in final exams of all subjects, with at least 7.0 in the final exam of Maths or Vietnamese.
Improvement Award	Students who: - Have assessment results of good completion or completion in all subjects and educational activities; - Demonstrate good qualities and competencies; - Earn at least 5.0 in final exams of all subjects.
Good completion of abilities	Students who: - Have assessment results of good completion or completion in all subjects and educational activities; - Demonstrate good or satisfactory qualities and competencies; - Earn at least 5.0 in the final exam of Maths or Vietnamese.
Years 6 – 9 (According to Circular 22/2021/TT-BGDDT)	
Excellent Achievement	Students who: - Have an overall conduct rating of "Good" for the school year; - Achieve "Satisfactory" in all subjects assessed by comments; - Have an average score of at least 6.5 in all subjects assessed by grades; - Have at least six subjects with an average score of 9.0 or above.

Good Achievement	Students who: - Have an overall conduct rating of "Good" for the school year; - Achieve "Satisfactory" in all subjects assessed by comments; Have an average score of at least 6.5 in all subjects assessed by grades; - Have at least six subjects with an average score of 8.0 or above.
-------------------------	---

3. Teaching equipment – Languages of teaching

Teaching equipment

The School will provide textbooks according to the international curriculum for students on the fee schedule for the academic year 2025 – 2026. For MoET programs, students will have to prepare their own textbooks according to the Vietnamese curriculum.

Learning tools will be prepared based on the information mentioned in the Letter for New School Year.

Students from Year 7 need to prepare personal calculators and Math learning tools.

Languages

For Integrated Bilingual Program, students will be taught both English and Vietnamese language in the teaching process. Students are required to use English in areas where English is required and in New South Wales curriculum classrooms.

VII. ASSESSMENT AND REPORTING POLICIES

Please find out more information [here](#).

Professional training

In addition to the professional training week at the beginning of the year, foreign teachers will have 3 days of professional training during the academic year. During these days, homeroom teachers and co-teachers will be in charge of the class.

In the event that teachers have to attend training sessions abroad, substitute teachers will be arranged.

VIII. EXTRA CURRICULAR PROGRAM

In the academic year 2025 – 2026, the School will organize various extracurricular activities including: House System activities, practical learning programs, clubs, tutor classes,...

1. House System

SISS House System will be officially introduced and implemented in the new academic year 2025 – 2026 for Primary and Secondary Schools, with many competitions in academics, sports, arts and social engagement.

Students have opportunities to earn achievement points for themselves and their teams through activities and competitions taking place at school. The House System aims at implementing school rules and regulations, encouraging students to participate in extracurricular activities related to sports and cultures, and promoting their leadership skills.

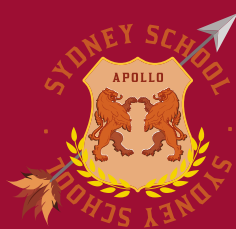

Students and teachers are assigned to their houses in a random manner. The allocation process can take into consideration students' needs in social and emotional skills to ensure appropriate instruction for all students within a "home".

The SISS House System consists of 4 symbols based on Greek Mythology:

Zeus

The symbol of
Strength and Justice

Apollo

The symbol of
Artistic Beauty

Asclepius

The symbol of
Compassion

Athena

The symbol of
Wisdom

Combining students from all Years in one "House" allows them to meet and work with their new peers. House System will bring significant changes to after – school activities, promoting integration and healthy competition to develop a collaborative and friendly learning community.

2. Practical Learning Program

The Practical Learning Program includes day trips provided to students free of charge. The School always creates various opportunities and beneficial activities for students through external field trips. Each field trip is related to a specific subject theme and students are required to submit assignments or reflections after each trip.

Students are required to maintain a serious attitude and adhere to the School's regulations and policies when participating in experiential activities and field trips. Students are expected to dress appropriately for the learning environment. In special cases, students will receive specific announcements regarding dress codes.

3. Spirit Days

At SISS, a wide range of Spirit Day activities are held to bring the community together. Some notable examples include:

Peace Day

(students wearing blue clothing)

No Backpack Day

(Students bring their belongings in fun and creative bags, replacing the usual backpacks or schoolbags for the day.)

World Animal Welfare Day

(students wearing animal-printed clothing to school)

For each student who wears attire to school with the above meaning, the School will deduct 10,000 VND per student for charity.

4. After-School Activities

After school, the School regularly organizes various activities covering academics, sports, arts and education for the following purposes:

- Create various beneficial activities to expand students' knowledge.
- Create a fun, enjoyable environment for students to play and relax after school.
- Enhance community awareness and consciousness.
- Enhance community engagement.
- Develop leadership skills.
- Foster students' creativity.
- Foster the sense of responsibility toward themselves and the community.
- Nurture creativity.
- Preserve cultural heritage through traditional artistic activities.

The activities will be implemented in a diverse range, including:

Clubs

Clubs are organized twice a week with more than 10 different activities. The duration of each club lasts 25 sessions per academic year. Students can choose to participate in 2 clubs per year. Information about clubs will be provided on the Orientation Day.

Tutoring Class

Based on the academic results of the previous academic year for the existing students and the entrance test results for the new students, the School will arrange tutoring classes for students who require additional support for their academic subjects. Notifications regarding participation in these classes will be sent to Parents. For students who are not included in the assigned class list, Parents can register online through the Parent Portal if their child has a need for tutoring. The registration process can also include selecting the preferred club activity schedule.

Sign up early to make reservation

First come first serve, the School only gives priority for early sign-ups because the size class is limited.

Cancellation of after-school activities

In the event of any cancellation of after-school activities, the School will immediately notify the Parents and students.

Disciplined participation

The School will reject disciplinary students who have disciplinary problems during the course of their activities. Parents will be notified of student misbehavior. Students who leave earlier or are absent more than three times will be terminated from class.
